Instructions of the battery disassembled

 The symbol indicates DC voltage

Battery protection:

- element 1: not available
- element 2: “Do not ingest battery, Chemical Burn Hazard” or equivalent wording
- element 3: the following or equivalent text
The remote control supplied with] This product contains a coin / button cell battery. If the coin / button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
- element 4: the following or equivalent text Keep new and used batteries away from children.

If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed.

Warning:

- Never use the appliance in extreme conditions (high or low extreme temperatures, high altitude...) during use, storage or transportation, may result in explosions or leakage of flammable liquids or gases.
- Do not expose the product to pressure, impact, strong vibrations, or liquids. Any of these occurrences may lead to a short circuit or cause damage to the battery or electrical circuit.
- Do not disassemble, cut, squeeze, puncture, short-circuit the remote controller or expose it to liquids, fire, heat sources such as stoves, heaters, or an environment with an ambient temperature higher than 45°C. Any of these occurrences may lead to a short circuit or cause damage to the battery or electrical circuit.
- CAUTION: Risk of fire or explosion if the battery is replaced by an incorrect.
- Batteries are to be inserted with the correct polarity.

How to replace the battery:

1. Prepare a cross-head screwdriver.
2. Prepare the battery (Model: CR2032; Rating: 3VDC 220mAh) to be replaced, and purchase a matching one from the dealer.
3. Use the screwdriver to remove the screws on the top cover and open it, as shown in the figure below:

4. Remove the battery from the device and install the new battery, as shown in the figure below:

5. Do not dispose of the old battery casually; please recycle it at designated locations and pay attention to environmental protection.

Note: In the five years following the launch of the final batch of products, battery-related accessories will still be available for purchase at a reasonable price.
