

Logitech®

Wireless Headset H800

**Chat, rock and surf on your PC, tablet or smartphone—
with no wires to tie you down**

- It's your call
- Front row, centre
- Your sound, set free
- Power play
- Comfort to go

Logitech® Wireless Headset H800. Chat, rock and surf—with no wires to tie you down. Easily connect to and switch between devices like your PC, tablet and smartphone with on-ear controls.* Laser-tuned drivers and a built-in equaliser give you rich digital stereo, and a noise-cancelling microphone reduces background noise. Roam up to 12 m (40 ft.)** from your PC using the tiny nano receiver—or pair with your smartphone or tablet using Bluetooth®.*** The six-hour rechargeable battery**** lets you listen and chat longer, while a padded headband and ear cups keep you comfortable—and your headset folds like sunglasses for portability.

* Some functions of the headset may not be supported depending on the tablet, smartphone and/or application.

** Actual wireless range will vary with use, settings and environmental conditions.

*** The headset can only connect to one Bluetooth® device at a time.

**** Actual battery life will vary with use, settings and environmental conditions.
